

Have You Been Involved In A Road Traffic Accident?

In the unfortunate event that you are involved in a road traffic accident it is important that you stop at the scene, contact the Police and ambulance service if anyone has sustained injury and obtain, if you are able, the third party's details and details of any witnesses.

You should also be aware that if you submit a claim for damage to your vehicle to your own insurance that your personal details will be passed on to claims handlers who will contact you to persuade you to pursue a claim for any injuries you have sustained through them. Please note that the claims handlers are unlikely to be local or specialist solicitors. Therefore in the event that you do sustain injury in a road traffic accident please contact Debra Higgins on 01623 655111 or email dhiggins@marchantsolicitors.co.uk who is a local specialist personal injury solicitor to handle your case.

Mansfield : **01623 655 111**
